January 30, 2007

Dear Constituent,

At this time, I am pleased to announce that our office will begin taking requests for the Fiscal Year 2008 Appropriations cycle. As a member of the Appropriations Committee, I encourage you to seek federal funding for important projects, such as road construction, defense, homeland security, and economic development.

As always, to ensure the most positive results possible, we need your help in supplying projects and the details of those projects which may be eligible to receive federal funding. My office needs to know specific dollar amounts, precise plans for use of the money, and a persuasive justification as to the merits of the project and how this may further economic growth and development in Louisiana.

It is my goal to support each project submitted to our office, but I am unable to guarantee funding for any project. Each year, approximately only 4% of requests submitted actually get federal funding. However, I can promise that we will assist you in any way we can to provide the best results for these important projects. This year we are implementing an electronic submissions process and are asking that the following forms be completed and submitted to [fy08.louisiana@mail.house.gov](mailto:fy08.louisiana@mail.house.gov). **I am asking that forms be received in this office no later than Thursday, March 1, 2007.**

Electronic copies of the enclosed forms are available on my website at <http://www.house.gov/alexander/>. If you have any additional questions, please contact Jodee Niswanger, Rebecca Barham, or Jack Thompson in my office at 202-225-8490.

Sincerely,

A handwritten signature in cursive script that reads "Rodney Alexander".
